

UNITED SICKNESS FEST DOCTORS & BUTCHERS First Act

Supported by de www.bestial-experience.com

I- WHAT'S THE L'USF ?

The UNITED SICKNESS FEST. (USF) is a festival organized by GRIND YOUR SOUL on the ashes of the famous SOUL GRINDING FEST. (SGF). Musically that fest. will have the same target : underground death metal et le grind core. The USF will have more freedom (regarding it's philosophy) to book bands. Every year we will give a thema and billing will be done around it.

II- DOCTORS & BUTCHERS

First edition of the USF will stand under pathologist and butchers thema. Autopsies and eviscerations will be on the menu proposed by :

* **HAEMORRHAGE** : www.myspace.com/haemorrhage

Do we still have to present this Spanish band that grinds since 1990 ? 5 albums, concerts all over Europe, HAEMORRHAGE is what we can easily call a cult band ! Those five sick pathologists will come to examine France for an exclusive show after a 6 fucking long years break ! Haemoglobin and surgeon's knife will have the place of honour !

* **JIG-AI** : www.myspace.com/jigaigore

Finest Jewel of the new Czech grind core scene, JIG-AI it's pig voices on insane absolute blasts. JIG-AI is a real sick music for a perfect stage attitude ! Gotta see them absolutely if never done before !

* **PSORIAISIS** : www.myspace.com/psoriasis1

They're using their instruments as real dissection table addicted surgeons. Precise and thin as fuck death metal, the revival of French death metal scene comes through PSORIAISIS !

* **SATAN'S REVENGE ON MANKING** : www.myspace.com/srxoxm

Mid-tempo goregrind that catch you to the balls. SROM is raw, yes, fucking raw and that's what we need. You love GUT & DEAD ? SROM is for your sick soul...

* **D.E.O.A.G.** : www.myspace.com/destructiveexplosion

Just the name of DESTRUCTIVE EXPLOSION OF ANAL GARLAND and you feel what kind of music it is (like brothers of JIG-AI). When Easter wind begins to breath, hide your grandma !

* **NAKED SCARECROW** : www.myspace.com/nakedscarecrow

Band from Strasbourg, those naked scarecrow will make our ears bleed with their so strange alchemy metal...
